

AXOR

2025

About Us

Axor started its journey in the year 2015 with the collaboration of international designers and expertise in the industry. Axor helmets are conceptualized and designed in Italy, Germany and Spain while exclusively promoted by the pioneers of the industry, Vega, India.

Axor was created to cater premium biking segment with high-end products while keeping it cost-effective yet uncompromising on the quality and safety standards of the helmets.

We understand your passion for the thrill and therefore our very own bikers personally test the models with the real-time experience to address the modern performance and unique needs of the riders. The experts strive to deliver best-in-class products with the knowledge of cutting-edge innovation while focusing on aesthetic designs, toughness, safety, and comfort of the users.

A rider wearing a full-face helmet and a black and orange racing suit is leaning over a white motorcycle. The background is a blurred landscape with trees and a cloudy sky.

A close-up, side-profile shot of a person wearing a modern, high-tech motorcycle helmet. The helmet is primarily silver with black and red accents. The visor is dark and reflective, showing a distorted view of the surroundings. The person is wearing a dark jacket. The background is blurred, suggesting an outdoor setting.
